Seamless application every time!

Superior control

Grand Applicator

One size: **QPL0041L**

Product description

Crafted for accurate and controlled application, the Grand Applicator features an oversized, sturdy design that guarantees superior control, enabling smooth and even product distribution every time. Its doe-foot shape, paired with an integrated reservoir at the tip, holds just the right amount of product for easy, mess-free use. Perfect for lip products like lip oils, it provides a luxurious, hydrating application that applies effortlessly. Additionally, its chunky, ergonomic design is ideal for concealers, allowing for effortless coverage over larger areas while maintaining precision for detailed touch-ups.

Key aspects

Big & rigid doe-foot shape, with a reservoir on the tip. Chubby, ergonomic design for a versatile use.

How to apply

Begin by using the firm tip, which also serves as a loading area, to apply precisely the right amount of product to the target area. Its firmness ensures both control and precision. Spread the formula evenly across the desired area.

Formula combination

- Lip oil
- Lip gloss
